

WILDAN KURNIA CANDRA

Purbalingga, Central Java 53353 | +6285939438777 | wildan.desperado@gmail.com

Summary

Web Developer with over 4 years of experience designing, developing, and deploying web applications. Proven ability to work effectively in both front-end and back-end development using a variety of programming languages and frameworks.

Expertise in database management, API creation, and system design. Eager to contribute to a challenging role where I can leverage my skills to create innovative and user-friendly web applications.

Outside of work, I enjoy riding my bike around cities or just engaging in conversation with my friends. I have a keen interest in automotive, music, and games.
